

## About us

The Societies and Trusts Online website is maintained by the New Zealand Companies Office. Using the website you can update registration details for an incorporated society, search for an incorporated society or charitable trust and obtain useful information on these organisations.

The Companies Office recognises that the community and voluntary sector makes a significant and vital contribution to the social, economic and cultural lives of every New Zealander. We hope that this website will provide you with information and resources that will assist you and your charitable trust board or incorporated society.

### [What is the role of the Registrar?](#)

The main role of the Registrar of Incorporated Societies is to maintain a public register and receive the documents required to be filed by societies and trusts.
