SOCIETIES AND TRUSTS ONLINE

Update your email

13 December 2018

The Incorporated Societies and Charitable Trusts Registers will be moving to a new website next year. If you, or your clients, have a presence on the current registers, it's important to update your details now!

Why? Because we will want to train and inform you! So update your email addresses and phone numbers now, and ensure all other information held on our registers about you or your clients is accurate.
